PRE-NURSING TEST

One of the prerequisites for **all** applicants to the Practical Nursing Certificate Program at Nunez is to take the pre-nursing test and attain an acceptable score. Nunez uses the PSB (Psychological Services Bureau) Aptitude for Practical Nursing Examination. Once an applicant has submitted his or her Practical Nursing Certificate Program Application for Admission to the Health Sciences Division office **and** completed all of the required pre-requisite courses with a grade of "C" or higher, he or she will be notified by mail as to the date and time that the next PSB examination will be held. The letter you will receive will explain in great detail how to **register before the scheduled deadline** for the exam.

This test has an academic component and a vocational aptitude section. It is to your advantage to have the highest possible score on this test especially in the academic section.
